Mission 2:

Intermediate

Slidex Challenge

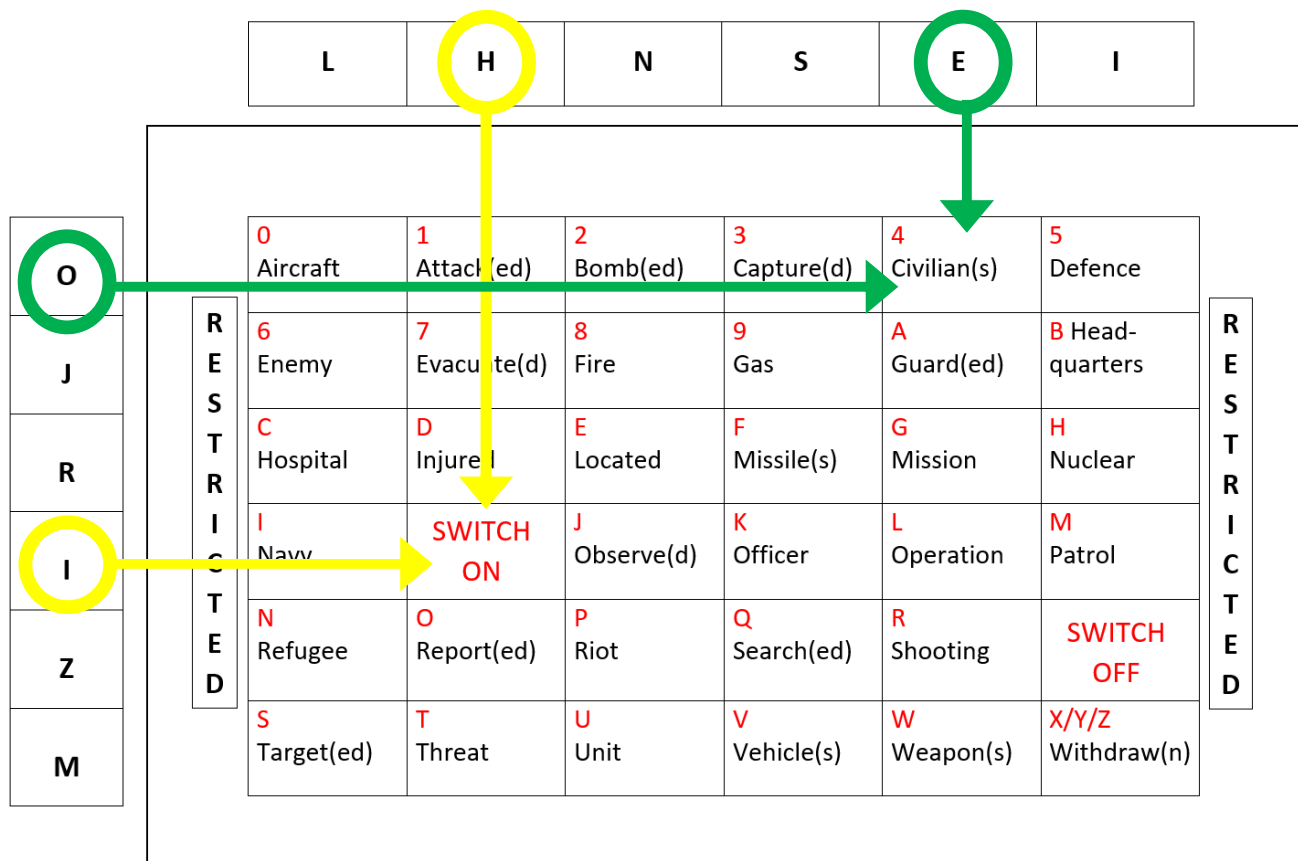

Now that you have completed Mission 1: Basic Slidex challenge, we think you're ready for more of a challenge!

Did you know that Slidex actually has two codes to switch between? Read the briefing below then have a go at cracking the codes.

If the code takes you to the 'SWITCH ON' square, then that means the vocabulary card has switched to the red code. The red code is used to spell out words that are not found on the black vocabulary card. It also encodes numbers.

Landing on the 'SWITCH OFF' square means that the vocabulary card has switched back to the black code.

Example: HI EO = 4

Time to crack the code!

Ask an adult to help you cut out the Slidex vocabulary card and cursors on the following pages.

Task 1.

Set up your Slidex using the **yellow** vocabulary card with cursors **1** and **3**.

See if you can decode these messages:

CL GB. AB FB CP CC. CZ BC JC BB BC JL JC BB AC JC.

.....

.....

FZ BZ CZ CQ GQ AC GL GQ. AP BP.

.....

.....

JQ FP FC. CZ JQ AC JP FQ. CZ BQ AC JQ CZ JL JC JC BB GP CP BB CB AC.

.....

.....

AL GP CZ GZ GC AC BQ JB. CZ BL AC CB. CZ GP BB GB CC GC CB AC CQ BL. BB AQ JZ.

.....

.....

Task 2.

Set up your Slidex using the pink vocabulary card with cursors 2 and 4.

See if you can decode these messages:

SA LG SK. EN LO EO HG EG EG NK HI NO. LO EI LI NK NI NA.

.....
.....

EG IA, SI LO HK EA IG EA IK SK HK EA LN HK NK II LO LK NO HO NK. NN EA HO HK.

.....
